Correction: Change to: “Observed Number of Warm Nights”

New Jersey

Error (2017 Summary, WEB only): Reference: “Broccoli, A.J., M.B. Kaplan, P.C. Loikith, J. Propulsion, and D.A. Robinson, 2013: State of the climate: New Jersey, Rutgers Climate Institute. [Available online at <http://climatechange.rutgers.edu/custom/climatereport-final-2013>]”

Correction: Change to: “Broccoli, A.J., M.B. Kaplan, P.C. Loikith, and D.A. Robinson, 2013: State of the climate: New Jersey, Rutgers Climate Institute. [Available online at <http://climatechange.rutgers.edu/custom/climatereport-final-2013>]”

Updated: 1/9/17

Error (2017 Summary, PDF and WEB): Key Message #3 states: “Sea level along the New Jersey coast has risen by more than 16 inches since 2011, double the global average. Global sea level is projected to rise another one to four feet by 2100. Sea level rise poses substantial risks, including greater vulnerability to severe coastal flooding.”

Correction: Change “2011” to “1911”

Updated: 1/10/17

North Carolina

Error (2017 Summary, PDF only): Figure 1 caption states: “Projected changes for 2015–2100...”

Correction: Change to: “Projected changes for 2006–2100...”

Oklahoma

Error (2017 Summary, PDF only): Figure 3a title is given as: “Observed Number of Hot Days”

Correction: Change to: “Observed Number of Extremely Hot Days”

Utah

Error (2017 Summary, PDF only): Figure 4 caption states: “CICS-NC and NOAA NCEI.”

Correction: Change to: “Source: CICS-NC, NOAA NCEI, and SNOTEL.”

Washington

Error (2017 Summary, PDF only): Figure 4 caption states: “Source: SNOTEL.”

Correction: Change to: “Source: USDA Natural Resources and Conservation Service.”
